GRIPPLE[®]

EQUIPMENT HANGING SYSTEMS Hang-Fast

Provides lighter, easier and faster alternative to threaded rod for hanging mechanical, electrical and HVAC equipment. Ready to use; requires no additional preparation time. Includes cable with loop or stud end fixing; grip secures free end of cable and allows height adjustment of hanging object.

Loop. For wrap-around anchoring on bar joists or other roof structures.
Stud. For anchoring into concrete or metal. Includes 1/4" drop-in expansion anchor.
